## Examrace Privacy Policy

### Your Data with Examrace

Examrace guarantees the protection of the personal data recorded by the participants registered on the site. None of the information given at the time of the subscription or generated during activities on Examrace is visible to other users. That information is protected by a login and a password in such a way that only the participant who has introduced them via their login and password has access to that information.

The password is personal and confidential. The participant is solely responsible for the use of their password. The participant undertakes to keep their login and password secret and not to divulge them to other persons in any way whatsoever.

The only reason for gathering personal information at the time of the participant's registration is to allow the management of individualized experiences and the establishment of identity.

### Access to Data

Only employees of Examrace have access to the databases and that only within the context of their work in managing the services proposed to participants. Within that context, an employee of Examrace is bound by a contractual confidentiality clause, with severe penalties in the event of non-compliance. Under no circumstances your password is every accessible or available within Examrace database.

### Sharing of Data

In no case does Examrace transmit either anonymized or individual data to third parties, whoever they may be.

### Storage of Data

The data preserved par Examrace for their various uses are stored with the best security guarantees, namely:

- Examrace server is hosted in a specialized "data centre" that "data centre" is protected by a sophisticated series of protection measures, physical (access control) , and logical on both the network level (firewalls) and the operating system level.
- Data exchanged between the Examrace server and the client's browser is encrypted in using an HTTPS protected protocol using a certificate issued by let's Encrypt and/or Cloudflare.
- You are always the owner of your data. You can always request your data at Examrace to be deleted. Your data will automatically be deleted once it is no longer required to

provide services or to meet regulatory requirements.

## Changing Data

Pursuant to the law relating to the protection of data of a personal nature, each participant has the right of access and correction to the data concerning them. To exercise this right, the user can use their personal login and password.

## Cookies

In order to better serve participants, the site uses cookies. This allows the participant to avoid signing in (login, password) each time he connects during that time period. Participant can disable these cookies by using the appropriate browser policy.

This site uses Google Analytics to analyse its audience and improve its contents. This is used only for the when you are not connected with your own identifiers (logged in) .

## Copyright and Trademark

“Examrace” is a registered trademark. “Examrace” programs as well as the entirety of the contents of the website they form part of are the exclusive property of the MindspriteSolutions, and constitute works in the sense of the provisions listed in article 13 of the Uniform Trade Mark Act.

## Ad Serving

We use third-party advertising companies to serve ads when you visit our website. These companies may use information (not including your name, address, email address, or telephone number) about your visits to this and other websites in order to provide advertisements about goods and services of interest to you.

Third party vendors, including Google, use cookies to serve ads based on a user’s prior visits to this website. Google’s use of the DART cookie enables it and its partners to serve ads to users based on their visit to this and/or other sites on the Internet. You may opt out of the use of the DART cookie by Google by visiting the Google’s [opt out from advertising page \[http://www.google.com/privacy\\_ads.html\]](http://www.google.com/privacy_ads.html).

In addition to Adsense we also serve ads from other third party networks. You can view the list of vendors [here \[http://support.google.com/dfp\\_sb/bin/answer.py?hl=en&answer=94149&topic=16148&ctx=topic\]](http://support.google.com/dfp_sb/bin/answer.py?hl=en&answer=94149&topic=16148&ctx=topic). This page also has links to vendor websites. You can visit the vendor websites on to opt out of cookies. You can opt out of some, but not all, of these cookies in one location at the Network Advertising Initiative opt-out website at [NAI Optout Page \[https://optout.networkadvertising.org/?c=1\]](https://optout.networkadvertising.org/?c=1).
