

Zenith

There were 3 sections

1st Round Aptitude Contains 5 Sections which were quiet easy to answer.

Technical Questions

Questions were based on C, C++, DBMS and Oracle (SQL*plus and PL/SQL).

2nd Round - Technical Interview Questions from C, C++, Datastructures, DBMS and Oracle (SQL*plus and PL/SQL)
Questions on projects done earlier were asked.

3rd Round - HR Interview Go through common HR Interview Questions and be prepared.

Preference may be given to .NET or J2EE professionals Getting through Tech Interview is crucial, afterwards it will be easy to get placed in Zenith.
